

**File Code:** 1950**Date:** November 10, 2020**Subject:** Decision Memo Mallory Timber Salvage Project - Errata**To:** Katelynn Bowen, South Zone Small Sales & Special Forest Products Forester

I determined that there were no extraordinary circumstances related to the proposed action of the Mallory Timber Salvage that warranted further analysis and documentation based on analysis by the Heppner Ranger District interdisciplinary team. I authorized the project October 30, 2020. Upon further review the following project design criteria (PDCs) within the original signed decision memo are no longer applicable:

- Archaeology - 06
Forest Service Road 2106-040, No blading and or ditching
- Archaeology - 07
Forest Service Road 2104, Maintained by Morrow County, no blading and or ditching

Forest Service 2104 and 2106-040 are maintained for the public use and therefore avoidance of these areas is not feasible. The avoidance clause for those roads has been removed from the heritage review recommendations.

Therefore, I am authorizing Mallory Timber Salvage Project to undertake the following actions for continued road maintenance:

- Blading and Ditching is permissible on Forest Service Road 2106-040
- Blading and Ditching is permissible on Forest Service Road 2104, maintained by Morrow County.
